

# BIRD STRIKE PREVENTION

**Bird rex** 

## Solar Powered Insect Trap BIT-S5

Reduce Bird in Airport to cut the food chain of the Bird's feed.

UV LED LAMP (night view)

- Solar panel : 10W (35X28cm) – Battery : 12V-18ah
- Built-in Solar- battery controller
- With safety cover
- Automatic operation by optical sensor
- Continuous 4-day rainy weather
- Nylon Capture Bag(More than 2 years)
- UV LED Lamp (More than 5 years)
- Suction Fan : Speed:1300 RPM, Noise :  $\leq 26$ dB
- Effective area :  $60 \times 60\text{m} = 3,600\text{m}^2$

No need to use agricultural Pesticides to catch insects(Bird's feed) and effective, economic, eco-friendly method.
