

BIRD STRIKE PREVENTION

Rotating Long distance High-Power Acoustic Bird Repellent **A380**

High-power speaker

Power Rating : 36W
Nominal Impedance : 8ohm
Resonance : 1.5KHz

Can be controlled from a horizontal 10~350degrees.
Effective distance: 200~220m X 2
It can make slow down the learning effect of birds.

- Size : 65X70X150cm(High)/73kg
- Solar panel : 120W (129X67cm) 10Kg
- Battery : 12V-150ah
- Built-in Solar- battery controller
- Automatic operation by optical sensor
- Continuous 4-day rainy weather
- Effective area : 200X400m = 80,000m²
- Sound frequency : 2,000~20,000Hz
- Sound Pressure: 130dB at 1 meter
- 8 kinds of sounds are randomly broadcast
